Co-Founder

Head of Software Development

Subhajit Roy

Co-Founder

Head of Embedded Systems and Business
Development

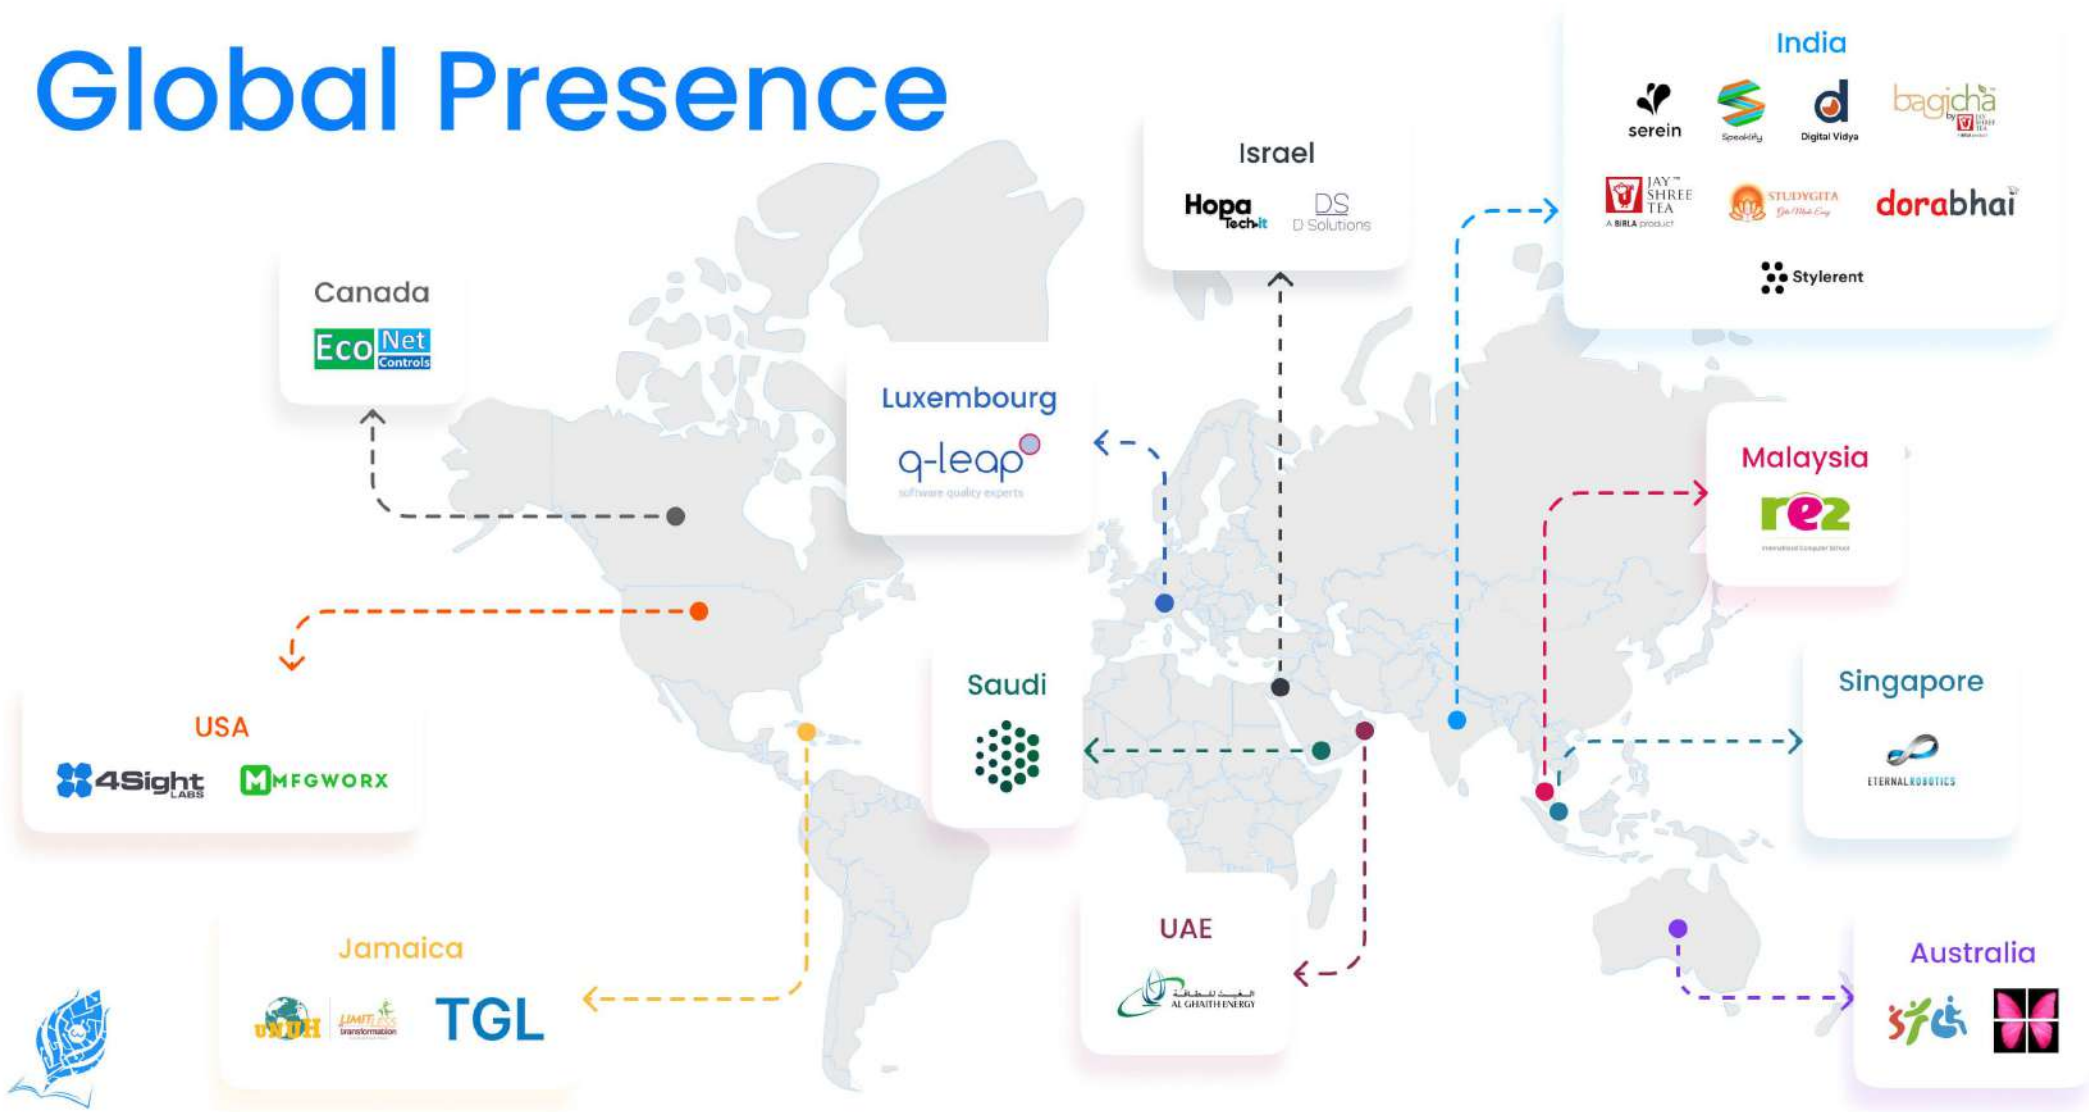

Gargi Mazumdar

Co-Founder

Head of Project Management and
Operations

Global Presence

Our Growth

2015 **Krishworks Technology Innovations**
Was founded to build IOT prototypes, full-scale solutions, and SaaS software (APAC)

2015-2016 **Research and development of Gurukul software**

A team of 30+ volunteers across India helped with research and development of Gurukul software - as part of Xprize submission. The software supported English and Swahili language, with deployments intended for Tanzania.

2014 **Inception of Team Krishna**
A team of volunteers to compete for the **Global Learning Xprize**, an organisation with philanthropists like Elon Musk, Ratan Tata, and James Cameron on its board. The goal was to build software that helps less privileged children learn to read, write, and communicate. Ended up in the **top 20 out of 198 global teams**, setting the base for Krishworks

2017-2018 **Incubations**
Sigma Accelerators, IIM Calcutta Innovation Park, Indian School of Business DLabs

2017 **Upskilling and empowering rural teachers**
School onboarding starts: To help kids in rural areas read, write, and communicate in English by upskilling rural teachers and empowering them with technology

2021 **New office in Bangalore**

2022 **Expanding to the global market (EMEA, North America, Australia)**

2023 **New office in Kolkata, Microsoft Azure Partner**

2024 **GCP ISV Partner**

Solution Offerings
